

From September 17-26, 2021, Global Goals Week will mobilize communities, demand urgency, and supercharge solutions for the Sustainable Development Goals (SDGs), whether it be digitally or physically. Our shared future and the achievement of the Global Goals will be determined by our global solidarity – how we work together across borders, nationalities, sectors and generations.

In 2015, 193 Member States of the United Nations made a universal promise to leave no one behind through the 17 SDGs. One year later, Project Everyone, UNDP and the United Nations Foundation came together to honor that promise by launching **Global Goals Week**, an annual week of action, awareness, and accountability for the SDGs.

As the world still grapples with the consequences of the COVID-19 pandemic, achieving the SDGs is more critical than ever - the Goals are the pathway to progress towards a safer and more equal world. As part of the **Decade of Action to Deliver the SDGs**, our coalition of **over 130 partners** will mobilize on the sidelines of the UN General Assembly High-level Week in September.

This year, we will come together virtually and in-person to cultivate ideas, identify solutions, and build partnerships with the power to solve a wide range of complex global problems from poverty and gender to climate change and inequality. Join the movement.

[Get involved here.](#)

 **DECADE OF >>> ACTION**

2020 Overview

- 63 million joined online
- 112 supporting partners
- 164 events registered
- 17,500 people joined in person
- Social media engagements: 527,000
- Social media impressions: 2.2 billion

Global Goals Week events will engage people around the world in conversation and action. From September 17-26, 2021, partners from around the world will come together once again – under the umbrella of Global Goals Week – to support the #GlobalGoals.
