From September 16-25, 2022, Global Goals Week will mobilize communities, demand urgency, and supercharge solutions for the Sustainable Development Goals (SDGs). Our shared future and the achievement of the Global Goals will be determined by our global solidarity – how we work together across borders, nationalities, sectors and generations.

In 2015, 193 Member States of the United Nations made a universal promise to leave no one behind through the 17 SDGs. One year later, Project Everyone, UNDP and the United Nations Foundation came together to honor that promise by launching Global Goals Week, an annual week of action, awareness, and accountability for the SDGs.

As the world begins to recover from the consequences of the COVID-19 pandemic, while still grappling with multiple conflicts and humanitarian crises, achieving the SDGs is more critical than ever – the Goals are the pathway to progress towards a safer and more equal world. As part of the Decade of Action to Deliver the SDGs, our coalition of partners will mobilize on the sidelines of the UN General Assembly High-level Week in September, and will engage people around the world in conversation and action.

This year, we will come together in-person and virtually to cultivate ideas, identify solutions, and build partnerships with the power to solve a wide range of complex global problems from poverty and gender to climate change and inequality. Join the movement and become a partner today.

2021 Overview

- 139 supporting partners
- 127 events registered
- 53,000 people joined in-person
- Most focus on SDG 17 and SDG 13
- Social media engagements: 7.1 million
- Social media impressions: 5.5 million
